

# FLIGHTS FOR LIFE, INC.

## WAIVER OF LIABILITY

### (FFL PILOTS AND MEMBERS)

Flights For Life, Inc. (FFL) is a non-commercial, non-profit, tax exempt, volunteer public service organization. The FFL pilots voluntarily provide free air transportation by privately owned or rented aircraft and are not financially reimbursed for the expense of these flights. The pilots and members agree that they are voluntarily providing air transportation of cargo (human blood, tissue, organs or supplies), free of charge, for the purpose of FFL. In addition, they agree that they are voluntarily providing eligible patients with transportation, free of charge, traveling to and/or from prescribed medical treatment, evaluation, or for other medically related purposes.

I, the undersigned FFL pilot or member flying as a companion, agree to waive and do waive and release FFL, and its officers, directors and volunteer pilots, from any and all claims including, but not limited to, liability for negligence, any personal injury or property damage that might be suffered, and any wrongful death action which an estate might bring, arising out of injury during any FFL flight. It is understood and acknowledged that my signing of this Waiver of Liability is bound and effective for any and all FFL flights on this day or any day in the future.

I further understand that the pilot in command of any FFL flight has the final decision concerning the cancellation of the flight due to weather, mechanical problems, or for any reason whatsoever, if in his judgment the flight cannot be completed in a safe manner. The providing of this transportation is totally voluntary and if there is any reason whatsoever that the flight cannot be completed in a safe manner the flight is to be cancelled and alternative transportation for the patient/passenger or cargo will be found.

I also understand that neither the pilot nor the co-pilot/member can attend to any in-flight medical situation, as their sole responsibility is to safely fly the aircraft.
